STOCK CLEARANCE SALE!

A settlement of the estate of the late senior partner of this firm is to be made in January. A necessity of the event is the reduction of stock to the minimum. It is to our interest to convert goods into cash at the sacrifice of profit. It must be a clearance sale in the most comprehensive significance of the term—a sale in which neither cost, value nor loss get a moment's consideration. To reduce our immense stock is the only aim, the highest hope, the fixed determination. No man or woman who knows the value of a dollar, who understands this opportunity to save, will let it pass without taking advantage of it to the full as far as prudence and means permit. While many departments are represented here, it would take double the space this ad. occupies to tell of the dozens of other equally attractive bargains. Call on us, it's the only way to master all the facts.

"JOLLY YOUNG MEN."

The Haymakers came up from Mayville Wednesday evening and installed a Loft at this place. They were eighty-nine strong, and the town was theirs. The line of march from the depot down Pleasant and up Main street was a streak of red blaze and a careless discharge of cannon crackers. Editor Tom Davis was also in the procession. The Haymakers is a side degree of the Redmen, and the brothers of the Paris Tribe spread two feasts that were royal and sustaining. The first, upon arrival of the guests, was prepared at the Fordham, by that prince of caterers, Dan Connors, and the other at Oddfellows Hall by Mrs. Ben Perry. Billy Lynch, at one time of Millersburg, came in with a white plug hat and a linen duster, the pockets of which were stuffed full of hay. The "boys" returned at about 2:30 Thursday morning on a special train in charge of Captain James Dunn and Engineer George Little. It was a big night, and a jolly lot of young men will long be remembered by Paris people.

M'KINLEY'S DEATH

The Physicians and Surgeons Who Attended the Wounded President Make a Report.

WAS NO BACTERIOLOGICAL INFECTION.

Doubtful That It Will Ever Be Discovered What Caused the Distinguished Patient's Demise.

The Contributory Causes Were His Age, Lack of Exercise and His Naturally Weak Heart, Says Dr. Mann.

New York, Oct. 16.—The physicians and surgeons who attended President McKinley through the last days of his life Tuesday presented to the State Medical society, gathered here in semi-annual session, a lengthy report covering the medical history of the case of the martyred statesman. It was signed by Drs. Matthew D. Mann, Herman Myer, Eugene Wadsworth, Charles G. Stockton, P. M. Rixey, Roosevelt Park and Charles McBurney, and was read by Dr. Mann, who discussed the features as he proceeded.

Dr. Mann did not mention the operation, omitting that altogether. He described the president's symptoms and treatment from the time he went into the fullest details.

In speaking of the bulletins issued, Dr. Mann said that every one of them was absolutely true. None had been misleading in any manner. He told of the progress of the patient from day to day until the unfavorable turn, very sudden one, about 10 o'clock, and he said he mentioned that to show that the bulletins issued were true and not misleading.

Why the X Ray Was Not Used.

Dr. Mann said that there was absolutely no bacteriological infection. Continuing he said: "If you ask me what caused the president's death I could not tell you. I doubt if that ever will be discovered. Amongst contributory causes, however, were the president's age, his lack of exercise and his naturally weak heart, which made his pulse high."

Dr. Mann was asked by one of the listening medical men why the X ray was not used after the fatal bullet wound. Dr. Mann replied that there was nothing in the condition of the patient to show that the bullet was doing any harm, and he said that if the X ray had been used it would only be to satisfy the curiosity of the physicians, and the extreme care of the operation would have been harmful to the patient, so the doctors refrained from using the X ray apparatus.

Dr. Mann went on to say that at no time whatever had there been the slightest disagreement among the physicians. He said that complete harmony marked every step of the way they were in attendance on the president. He said he had never known of such complete harmony among physicians in attendance on a single patient.

FOOTBALL PLAYER KILLED.

David Wark Electrocuted in Fairmount Park, Philadelphia, By an Electric Current.

Philadelphia, Oct. 16.—David Wark, aged 30 years, of West Philadelphia, was electrocuted in Fairmount park Tuesday night while playing football. Wark was playing on one of two scrub teams and the ball was punted into the air and lodged in a large globe of an electric light. The arm on which the lamp was hung was lowered and when it came within reach Wark grasped the globe and fell. The sphere had become wet from the grass and thus formed a conductor for the powerful electric current.

TAKING TESTIMONY.

Several Witnesses Gave Evidence in the Case of Powers Trial—Searched For Arms.

Georgetown, Ky., Oct. 16.—Every man who entered the court room Tuesday to attend the trial of John Powers for complicity in the assassination of Goebel was searched for deadly weapons. The order was made by Judge Cantrell, and every man who entered, including the judge and attorneys, had to submit to the search.

Col. Bennett H. Young, who was Goebel's counsel, took the stand. Col. Young's statement that except on the day of the killing, when there was no crowd, that there had always been a jostling, menacing crowd around Goebel, was objected to by the state, but overruled. Col. Young then told of seeing the window open in the office of the secretary of state.

Col. Young declared that the crowd at Frankfort were boisterous, rude and insulting, and that the crowd, and the word insulting was ruled out. Col. Young told of seeing guns in the capital building. He was cross-examined by Judge Sevier, who tried to discover why Col. Young did not testify in the previous trials of these cases. The witness said he only knew one material fact, that the window in the secretary of state's office was open on the day Goebel was shot, and he did not think his testimony necessary.

Col. Jack Chinn followed Col. Young on the stand, and described the scene and incidents at the time Goebel was shot, when Col. Chinn was his companion.

The trunk full of clothing was opened during Chinn's testimony, and he identified the blood-stained clothing worn by Goebel at the time of the shooting.

Col. E. T. Lillard, who was also with Goebel at the time of the shooting, followed Chinn on the stand. Lillard's testimony was wholly corroborative of that of Chinn.

PAT CROWE'S CASE.

Chief of Police Donahue Hopes to Be Able to Accept His Conditions of Surrender.

Omaha, Neb., Oct. 16.—Chief of Police Donahue is engaged in arrangements by which he hopes to be enabled to accept the conditions laid down in the surrender of Pat Crowe, the latter's surrender. He has most of them completed, his request for the withdrawal of the reward offered by the city and the offer of a reward by the council Tuesday night, and was passed.

Judge Vonschaler, of the county court, before whom Crowe must appear, however, refuses to bind himself to the proposition of putting the alleged kidnaper under a \$500 bond. Speaking of the offer Tuesday, Judge Vonschaler explained his position as follows:

"If Pat Crowe appears before me I shall treat him in the matter of bonds and in every other way, just as I would any other criminal. I certainly shall not bind myself in advance to his bond for a certain amount. Of course, if he comes and surrenders himself voluntarily that will be a circumstance that will be taken into consideration in the fixing of the bond."

HAZARDS SUSPENDED.

Twenty-Nine Students Dismissed From the Missouri University at Columbia, Mo.

Columbia, Mo., Oct. 16.—Twenty-nine students were suspended from Missouri university Tuesday for their conduct. They will not be allowed to re-enter school until each of them has made a written apology to their victim, I. Thompson, of St. Louis, and Thompson likewise pledged themselves to good behavior during the rest of the school year. It is probable that all will accept the conditions and return to school.

The students voluntarily confessed, and their defense was that the hazing was only a joke and that Thompson was simply spanked instead of lashed with hickories, as was first reported. Ex-President Cleveland a Trustee.

Princeton, N. J., Oct. 16.—At the annual fall meeting of the board of trustees of the university, held here Tuesday afternoon, President Cleveland was elected a member of the board to fill the vacancy made by the death of Rev. MISS EILEE STONE

Russian Government Expresses a Desire to Assist in Her Rescue From Abductors.

THEIR POWERS EQUALLY SOLICITOUS.

United States Insists That Turkey Make Good the Deficit in the Subscription for Ransom.

It is Supposed That the Brigands, With Their Captor, Have Withdrawn Into the Interior of Macedonia.

Constantinople, Oct. 15.—The Russian government has repeated its expression of a desire to assist the United States government by all practical means in rescuing Miss Stone. The other powers are equally solicitous. It is believed the best plan is to bring the necessary pressure to bear.

Messrs. Baird and Haskell, the missionaries, have not yet succeeded in getting into touch with the brigands or opening negotiations.

London, Oct. 15.—"The United States government will insist that Turkey immediately make good any deficit in the subscriptions for the ransom of Miss Stone," says the Constantinople correspondent of the Daily Telegraph, "and also refund the full amount subscribed."

"It is supposed that the brigands who captured Miss Stone have withdrawn into the interior of Macedonia in the direction of Nevrokop," says a dispatch to the Daily Telegraph from Sofia. "Former members of the Macedonian committee who were working on suspicion of complicity denied before a magistrate any knowledge of the affair."

Mission Workers Killed.

"Pastors" Dinkoff and Zirkoff, with three female mission workers," says a dispatch from Vienna to the Daily Express, "have been killed by Turkish troops at Kikinda, Miss Stone."

The Daily News, in an editorial upon the case of Miss Stone, while sympathizing with the efforts in her behalf, expresses the opinion that the payment of such a large ransom is a very questionable proceeding.

"Turkey could easily stamp out brigandage," says the Daily News, "but so long as benevolent foreigners will pay high ransom they should the Turks trouble themselves."

It suggests that Miss Stone's letter is "just such a document as a clever brigand chief would drop into the American letter box at the present time." "The kidnappers," it remarks, "an army of brigands endowed by American subscriptions will not add to the tranquility of Eastern Europe."

THE VOYAGE ABANDONED.

Owing to Bad Weather Count De La Vaulx Landed Near Tuesday He Said That He Had Weather Prevailed Monday.

Toulon, Oct. 16.—When Count De La Vaulx landed here Tuesday he said that he had weather prevailed Monday. A hard east wind drove the balloon toward the coast of Spain and a heavy rain also fell. The passengers in the balloon eventually sighted the St. Laurent light, near Port Vendres, and fearing that the balloon would be blown ashore, they decided to abandon the voyage and, therefore, signalled to the cruiser Du Chayla, which was escorting the balloon, to be taken on board, which was done without slight damage to the balloon and no injury to the passengers or scientific instruments. The voyage lasted 42 hours.

He Is Wanted in Louisiana For the Murder of John Gray Foster Some Time Ago.

St. Louis, Oct. 16.—Prince Edwards, wanted on the charge of murdering John Gray Foster, of Louisiana, was arrested Tuesday morning at the end of the Eads bridge, East St. Louis, Ill. When arrested he gave his name as George Duncan. He refuses to talk or state where he has been since leaving Louisiana. His capture was effected through John Henry, a colored detective of Shreveport, who has been on the trail of Edwards ever since the murder was committed last June. He recently learned through some source that Edwards was in hiding in St. Louis.

Testing Schmale Vessels.

London, Oct. 16.—Continuing the experiments with the first British submarine vessel, the admiralty caused six men to be sealed in the boat Tuesday. The compressed air cylinders were set going and after three hours the air tight hatch was opened, when it was found that the men had suffered but little discomfort.

London, Oct. 16.—A syndicate of tradesmen and others who would lose largely in the event of the coronation not occurring, have effected insurance upon the life of King Edward for a year for a very large sum at Lloyd's, at the high rate of ten guineas per centum.

Nashville, Tenn., Oct. 16.—A woman under arrest here, having in her possession unsigned bank notes of the national bank of Montana. The police believe they have a clue to the Great Northern express robbery of July 3 last.

LOOTED A BANK.

Six Men Held the Citizens of Tiro at Bay, Stole the Safe and Got Away With \$40,000.

Shelby, O., Oct. 16.—The little village of Tiro, north of here, was visited by a band of robbers in the several hours the inhabitants were terror-stricken, while the Farmers' and Citizens' bank was completely demolished. About 5 o'clock Tuesday morning six robbers proceeded on foot to the bank, and while four with Winchester rifles stood guard on the outside, the other two robbers broke in the side door and gained an entrance.

They drilled several holes into the large doors of the safe and filled them with nitroglycerine. The first explosion took place at 1:45, and blew off part of the safe doors, as well as the entire front of the bank building.

Mayor McConell, who lives across the street from the bank, heard the explosion and lighted a lamp and went to a front window. As he looked out the window he saw the robbers caught sight of him and fired, the bullet crashing through the glass just above the mayor's head.

The people of the village were by the robbers, and two more explosions took place, wrecking the entire building.

It is thought that the robbers secured about \$40,000, after which they went to a nearby lively stable, bound and gagged the liveries, stole several rigs and started on their flight. Hounds are now on their trail.

LIPTON IN CHICAGO.

The Cup Challenger Presented With a Loving Cup at the Chicago Athletic Club.

Chicago, Oct. 16.—Sir Thomas Lipton, who was a guest of honor at a banquet given by the Chicago Athletic association Tuesday night, arrived over the Pennsylvania railroad at 3:30 o'clock Tuesday afternoon.

At the Chicago Athletic club Tuesday evening a banquet was given in honor of Sir Thomas Lipton and he was also the recipient of a massive silver loving cup, presented by his friends in Chicago.

For an hour prior to the commencement of the banquet, Sir Thomas held a reception in the parlors of the club house and exchanged greetings with hundreds of men prominent in the city and in social circles, who called to pay their respects to the owner of the Shamrock.

DECLARED INSANE.

Minnie E. Knox, of Denver, Who Announced the Treasury Department, Placed in Confinement.

Denver, Oct. 16.—Miss Minnie E. Knox, daughter of a former wealthy business man of Denver, was declared insane in the county court Tuesday, and ordered confined at the insane asylum. The investigation as to her sanity was made at the request of the treasury department at Washington, on account of many abusive letters, and had been received there from Miss Knox, demanding money and suggesting changes in the methods of the department. Miss Knox inherits the owner of a vast wealth, and a few months ago created a sensation in Chicago by laying claim to a million dollars worth of property in a will.
